1200-0100

Overall: 13"h x 3.75"w x 6.75"d

Finish: Green Patina

Materials: Cast Aluminum

Availability: In Stock

Item Weight: 3 lb

The Pari Green Small Vase is made of cast aluminum that has been enlivened with a green patina, the striations in the surface of the decorative vase upping the ante on the textural interest given the patina gathers in the crevices and is wiped away in spots on the higher lines. The aged feel of this piece can be credited to the artisans who hand-finish our decorative objects to make them appear as if they are one-of-a-kind. We offer the Pari in several sizes.
