Item Weight: 4 lb

Our Juko Blue Jar is made of ceramic with a classical pyramid motif in lush blue and crisp white running along its surface. The dressiness of this decorative accessory is made luminous with the hand-painted metallic gold lines that bisect the culmination points, from the implied base to the slanted top and the matching lid. This composition is so sophisticated, it could have been inspired by decorative jars treasured by 1960s socialites on par with Jackie O.
