Amara Decorative Jar

1200-0479

Overall: 16"h x 9.5"dia

Finish: Reactive Brown

Materials: CERAMIC

Item Weight: 12 lb

With a demure profile, the Amara Decorative Jar is made of white clay, which makes the fluid scrolls that ornament it above the forehead and below the neck surprisingly nimble. These decorative elements are created and applied by hand, and then the surface of the dark brown jar is covered in a reactive brown glaze, as is the top that is removable.
