4000-0034

Overall: 24.75"h x 11"dia

Finish: Black/Antique Gold

Materials: Iron/Aluminum

Availability: In Stock

Item Weight: 15 lb

Proving that rusticity has its charms, the Thatcher Drinks Table has a naïve wrought iron base that has been forged with bark-like striations along its upright rods. A matching circular brace supports the aluminum top into which a patchwork of lines has been etched to make it feel as if it holds a thatched roof. The interplay of black and antique gold finishes enlivens this nod to one of our earliest building materials.
