Give a space a bright dose of flower power with our Fleur Large Accent Table, which we know will draw smiles from all who spy its blossoming top. We've made this winsome design from iron and treated it to a lustrous gold leaf finish. It takes talent to create whimsical designs that also read as super chic, and our design team proves they have the chops to do this over and over again. This is the taller version of the Fleur; we also offer it in a shorter version in the same finish.
