The Cirebon Silver Drinks Table is made of cast aluminum that has been treated to a shiny nickel finish. This is one of our industrial chic pieces accentuated as it is with black discs that flow down the bottom of the table's pedestal to a slightly larger base. Though it has a bit of a masculine flair, this drinks table is chameleon-like, as it will shift its stylistic notes when introduced into interiors from mid-century modern to contemporary. We also offer it in an antique brass finish.
