When a mid-century mood is the order of the day, our Aloisia Table Lamp will take you there. The crafty mix of finishes on this terracotta creation, which includes a handsome Hiroshi gray on the base, brings with it a nostalgic feel of the 50s and 60s but with modern lines. The dark tones of the wrought iron hardware bring out the depth of the gray while the gray linen shade strikes a middle ground between the two hues on the lamp's body.
