Item Weight: 12 lb

Suggested Bulb: A Standard

Socket Type: E26

Watts per Socket / Item: 150/150

As the saying goes, a leopard cannot change its spots, but our Yoshis Black Table Lamp sure can, as we also offer this playful composition in a blue version with white spots. Made of ceramic, the dotted curvaceous body has a black field onto which red spots have been hand-painted. The metal base has been treated to an antique brass finish for an uptick in warmth, while the off-white shantung shade adds a light touch to the lamp.
