Item Weight: 3 lb

Suggested Bulb: A Standard

Socket Type: E26

Watts per Socket / Item: 60/60

Lovers of contemporary design will be over the moon for our Holland Table Lamp with its sexy metal scaffolding in a matte black finish. The reason we are so certain of this is not because of the chic black and white combination, but the way the spiky base rises up to clasp the off-white linen shade. It is just the type of study in simplicity that is so appealing when placed in rooms with modernism in their DNA.
