Place the Jamesoni Floor Lamp in a room and we bet you'll almost hear Cole Porter banging out his classics on the piano as Josephine Baker flicks her bouncy girdle made of bananas! That's because this torchier has the glamorous flair for which the Jazz Age in Paris was renowned. Made of wrought iron in French gold leaf and painted gold finishes, this piece exemplifies how versatile our design team is, the repertoire including coolly contemporary pieces and this treasure that would bring any number of design styles more panache.
