Item Weight: 26 lb

Number of Lights: 9

Suggested Bulb: B Torpedo Tip

Socket Type: E12

Watts per Socket / Item: 60/540

Any engineer can appreciate the complexity of a geodesic polyhedron, but the Julius Orb Chandelier will blow away those with a discerning sense for delicacy. The thinness of the wrought iron, which has been treated to a Pyrite bronze finish, and the luminosity of the Raj mirror glass panels are the attributes that make this fixture a stand-out. The Julius Orb is one of our offerings that has a gleaming personality even when the lights are not switched on.
