Suggested Bulb: B Torpedo Tip

Socket Type: E12

Watts per Socket / Item: 60/360

A ring of mirrored panels brings the Oliveri Chandelier an extra dose of luminosity whether the light source is switched on or off. The circle of circles dangles from a canopy on thin bands of wrought iron, all of the metal surfaces on the fixture treated to a Pyrite bronze finish. The distressing and the tones of the finish echo the darker patinas in the Raj mirror set within by the rounded metal frames.
