Antique inspiration furnishes this rough luxe design with authenticity and style. Rustic natural aged wood is pieced together with riveted wrought iron hardware in a blacksmith finish, giving the Billycart Semi-Flush a wonderful farmhouse aesthetic. The two-light fixture is also a shoe-in for the charming lake house, the mountain cabin or any interior where rusticity rules. The Billycart, which is made of reclaimed wood, has a frosted glass diffuser that softens the illumination and thin rope-like metal fasteners that affix it to the canopy.
