The gold version of the Forest Light Semi-Flush is a truly exceptional work of art fanning out from its center to reach 60 inches in diameter. Place this object d'art in a room and it will become a stunning sculptural piece dripping with quartz crystals. The washed Lucerne gold finish is a perfect complement to the quartz on this piece that echoes nature with its tree-like branches. We also offer the Forest Light, in our Aviva Stanoff Collection, in a sconce and in several chandelier finishes.
