Suggested Bulb: A Standard

Socket Type: E26

Watts per Socket / Item: 60/60

How many ways can a light fixture clasp its illumination? We at Currey & Company do not believe that question will be answered until the end of time, as we are always looking for new ways to design lighting. The wrought iron frame of our Stansell Pendant, in an antique bronze finish, reads as if its arms are akimbo to cradle the white glass globe like a heavenly crane coddling the moon.
