The Rame 36-Light Multi-Drop Pendant has teardrop shaped shades made of mercury glass with silver on the inside and copper on the outside. The personality of the patterns on the glass is evident whether the lights are switched on or not but when illumination brightens the shades, the effect is dazzling. The thinness of the stems on which they hang and the lightness of the painted silver finish make the oblong shades seem to float. We offer the Rame in a number of different configurations with multiple shades.
