Clasped to its metal frame by crisscrossing bands of wrought iron that have been wrapped in Abaca rope, our Connor Flush Mount has simple lines with elemental appeal. The metal on the fixture has been treated to a mix of dark contemporary gold leaf and painted gold leaf finishes that bring the flush mount a hint of glint, while the opaque glass shade softens the light that emanates through it. With the Abaca rope detailing, this is a great choice for seaside condos and beachfront resorts.
