Suggested Bulb: CFL/LED

Socket Type: GU24

Watts per Socket / Item: 13/26

When only industrial chic will do for a space, our Notte Flush Mount has all of the rough luxe angles covered. Made of wrought iron that we have treated to a Molé black finish, the shade has been punched. When the lights are switched on, the circles will throw patterns onto surrounding surfaces to make this flush mount a real mood-maker. The acrylic white diffuser is held into place by a simple finial, also of wrought iron in a Molé black finish.
