Install the Fixture

- 1 Install the mounting plate to the junction box.
- 2 Connect the fixture to a suitable ground in accordance to local electrical codes.
- 3 Connect the white fixture wire (square and/or rigid) to the neutral power line wire with a wire nut.
- 4 Connect the black fixture wire (round and/or smooth) to the hot power line wire with a wire nut.
- 5 Neatly place all the wires into the junction box, place the fixture base onto the mounting plate, and secure it in place using the fixture screws.
- 6 Install the shade by placing it over the socket
- 7 Place the shade onto the socket and secure in place by screwing the collar nut onto the socket. Do not over tighten. Repeat for remaining shades.
- 8 Screw the lamp(s) into the socket(s). Refer to the label on the socket for Max Wattage Information.
