The Silo Collection of Wall Sconce lighting by Feiss makes a real statement with a vertical, cylindrical design true to its name. Silo sconces are crafted using a double-shade technique, with clear glass on the outer shade and a metal mesh lining on the inner shade. A square base and "arm" with clean, seamless edges hold the glass in place. Silo wall sconces are available in two finishes: a more contemporary Polished Nickel finish or a more gilded Antique Bronze finish. Silo 1-light wall sconces measure 15"H x 4.75"W and extend 4" out from the wall, making it ADA compliant. Silo is a matching fixture to the Feiss Bluffton Collection, but is versatile enough to be used in many types of decor.
