

6IN RECESSED Ceiling joists, or in suspended ceilings Mounted • Damp Location Listed

Description:

6" Recessed Remodel Housing for 6" Trim

Specifications:

- The housing and frame are constructed from die-formed corrosion resistant galvanized steel
- An integral flange and locking springs create a snug fit against the ceiling, permitting quick mounting in 1/2 in. to 1-1/2 in. thick ceilings
- Wiring is made easy with the included wiring quick-connects that allow simple installation of 12-20 AWG wire without using separate wire nuts - simply strip supply wires and push in
- Housing is thermally protected against improper use of lamps
- Features a universal J-box with snap-out sides
- Uses 1 BR40 light source (sold separately) 90-watt maximum
- This housing is perfect for those with limited or no access to above the ceiling
- It is cULus damp location listed and can be used in areas where water is present
- Fully dimmable with dimmable bulbs

Performance:

Input Power	90 W
Input Voltage	120 VAC
Warranty	1-year Limited Warranty
