

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Secure the loop (1) onto the nipple (2).
4. Connect the arc-shaped pipe-A(13) and pipe-B(14) with screw (12) to form a ring.
5. Unfold and adjust the arms (6). Install the ring (5) to the arm (6) using the screw (7).
6. Refer to the additional installation instructions included with the product for wiring and installation.
7. Install the cover (9) on the fixture body (8) using the pipe (10) and knob (11).
8. Install the sleeve (3) on the socket (4).
9. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
10. Restore power to the installation point and retain this sheet for future reference.
