

SAVOY
HOUSE

ITEM NO: 1-1800-16

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Unravel the supply power and ground wires and pass them through the center holes of center tube (F), (G) and canopy (H).
4. Connect female connector from fixture body (A) to male connector from cross bar (D), then place the cross bar (D) onto the fixture body (A), securing with screws (E).
5. Thread the bottom of center tube (F) into the coupling at the top of fixture body (A). Connect the remaining center tubes (F) and (G) as shown in the diagram and hand tighten until snug.
6. Use carabiner (H) to connect the top loop of center tube (G) to the loop on the canopy (H) and twist the locking mechanism to secure.
7. Align holes on glass shade (C) to mounting holes on the socket of the fixture body (A) and cross bar (D), securing with screws (B).
8. Refer to the additional installation instructions included with the product for wiring and installation.
9. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
10. Restore power to the installation point and retain this sheet for future reference.
