

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. While threading wire through, assemble the rods (5) together using the nipples (4). Attach the bottom end of the rod (5) onto the fixture body (6) until tight.
4. Secure the loop (3) onto the top rod (5).
5. Refer to the additional installation instructions included with the product for wiring and installation.
6. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
7. Restore power to the installation point and retain this sheet for future reference.
