

Klee 70 Floor Lamp

700PRTKLE70 1.0

PORTABLE

GENERAL PRODUCT INFORMATION:

This product is suitable for dry locations only.

This instruction shows a typical installation.

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

SAVE THESE INSTRUCTIONS!

Install the Fixture

1A

- 1 Connect base connector to the arm connector.
- 2 Neatly tuck the wires and connectors into the bottom bracket, place the arm onto the bushings and secure in place with the two set screws using the provided Allen wrench.
- 3 Connect the male connector from the adapter to the female connector attached to the base.
- 4 Use the switch to turn the fixture on/off and to change dimming levels by tapping on the touch sensitive switch.
