

Mini Palestra Pendant LED T20

DESCRIPTION

Venetian artisans work with white glass rods to meticulously create the tightly wound spiral effect that gives the Palestra pendant by Tech Lighting its most noticeable characteristic. These artisans leverage decades of craftsmanship to create a perfectly rounded globe that is simply stunning. The Low-Voltage pendant is available in a 7" diameter, great for installing in multiples and complements Tech Lighting's Monorail System. Line-Voltage pendants also available in two sizes, 11" and 14" diameter. This pendant is perfect for lighting applications such as living room lighting, bedroom lighting and home office lighting. Available lamping options include energy efficient LED or no-lamp, leaving you the option to light this fixture with your preferred lamping. Rated for (1) Halogen Low-Voltage, 35 watt max, bi-pin lamp. Dimmable with low-voltage electronic or magnetic dimmer (based on transformer). Includes 6 feet of field-cutable cable to match finish selection. Not compatible with LED lamps.

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system.

WEIGHT

4-4lb / 1.81-1.81kg ±

antique bronze natural brass satin nickel
