## Yin Small White Vase

1200-0519

Overall: 14.5"h x 7.25"w x 7.5"d

Finish: White

Materials: PORCELAIN

Item Weight: 5 lb

The Yin Small White Vase has a flowing profile that looks as ancient as a shroud but it is as modern as any decorative sculpture can be because it was 3-D printed from porcelain. Close inspection reveals the process added the tiniest ringed striations along its surface. We also offer the Yin in a larger vase. These are not meant for floral arrangements as they are not watertight.
