SAVETHESE INSTRUCTIONS!

Install the Fixture

- Secure the mounting plate to the junction box.
- 2 Connect the fixture to a suitable ground in accordance to local electrical codes.
- 3 Connect the white fixture wire (square and/or rigid) to the neutral power line wire with a wire nut.
- 4 Connect the black fixture wire (round and/or smooth) to the hot power line wire with a wire nut.
- Align, then place the fixture onto the mounting plate studs and secure it with the two cap nuts.
- Screw the lamps into the sockets. Refer to the label on the socket for Max Wattage information.
- Screw the threaded pipe to the bottom of the socket assembly.
- Place a rubber washer, the shade, rubber washer, and steel washer onto the threaded pipe (in that order), then secure them in place by screwing the hex nut onto the pipe.
- Place the cup onto the threaded pipe and secure it in place by screwing the finial onto the pipe.
