

# Installation Instructions

Extended Bars Sconce 20-5910

**B246**

Page 1 of 1

**CAUTION: FAILURE TO INSTALL THIS FIXTURE PROPERLY MAY RESULT IN SERIOUS PERSONAL INJURY OR DEATH AND PROPERTY DAMAGE. We recommend installation by a licensed electrician.**

This product must be installed in accordance with applicable installation code(s), by a person familiar with the construction and operation of the product and the hazards involved.\*

**Caution:** Do not exceed maximum wattage noted on fixture. Use only recommended bulbs with fixture.

**Please Note:** This fixture is designed to be mounted on a standard wall surface and may not be suitable for all applications. If installing in a non-wood frame application, we recommend consulting a qualified builder or electrician.

## **To Mount Fixture to Wall and Install Glass** (Figure 1)

### Component Parts

A	Thumb Screw	G	Crossbar
B	Forged Bars	H	Threaded Stud (2)
C	Fixture Bracket (2)	I	Knurled Ball (2)
D	Support Rod (2)	J	Thumb Screw
E	Glass	K	Binding Screw (4)
F	Ground Screw		

**Caution: Be sure power is off at the main breaker box prior to installation.**

1. Carefully unpack the fixture from the carton.
2. Using two machine screws (not provided), fasten the crossbar (G) to the electric box making sure that fixture mounting holes are level.  
**Note:** A new electric box comes with screws. When replacing a fixture, retain the existing screws for use with the new fixture.
3. Thread studs (H) into the appropriate holes in the crossbar (G). Adjust the studs to proper length to ensure the fixture will fit snugly to the wall.
4. Hold the fixture assembly close to the wall and using suitable wire connectors, not provided, connect fixture wires to supply (white to white or ribbed and black to black or smooth). Run a pigtail lead from crossbar ground screw (F) to the junction box and connect all ground wires (bare copper or green to bare copper or green). **Caution:** Make sure wire connectors are twisted on securely, and no bare wire is exposed.
5. Slide fixture assembly over threaded studs (H) and push firmly to wall, making sure that no wires are pinched between fixture back and wall. Fasten with knurled balls (I). Be sure threaded studs (H) are fully seated in the knurled balls (I).
6. Install light bulbs (not included)
7. Install one binding screw (K) onto one end of each support rods (D).
8. Slide support rods (D) into holes in glass (E) threading the other binding screws (K) to the rods.
9. Lower glass (E) into fixture and engage support rods (D) with notches in fixture bracket (C).
10. Secure glass by inserting thumb screw (J) into threaded hole in bottom bracket of fixture.
11. Install decorative cage (B) over glass (E) and secure by inserting thumb screw (A) through hole in top of decorative cage and into threaded hole in top bracket of fixture (C).
12. Restore electricity at main breaker.

(Figure 1)

If you need further assistance, or find that you are missing any parts, please contact the dealer from which you purchased this product. We hope you enjoy your fixture!
