

LED Multi Pendant

MP3106-09

INSTALLATION SHEET

START FROM HERE

- Make sure **POWER** is **COMPLETELY OFF** at the fuse box
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in a clear area
- Wear gloves at all time during this installation
- Read instructions carefully before you start assembly
- Keep this installation sheet for future reference

Please Note:

- This Kuzco LED fixture comes with pre-wired LED module(s)
- Unless instructed, Do Not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage
- Use ELV (Electronic Low Voltage) type of dimmer for dimming application
- 120V input

Technical Support: 1-855-855-8926

1. Remove the fixture from it's original packaging
2. Separate the mounting plate (1c) from the canopy (2a) by removing the decorative nuts (2c)
3. Align mounting plate screws (1d) to desired orientation, and then attach mounting plate (1c) to electrical junction box (1a) using junction box screws provided (1e) in hardware package
4. Make sure to reinforce the wood behind the drywall and secure mounting plate (1c) to mounting surface with screws (1g) and anchors (1f)
5. To change fixture height, push and hold wire gripper (2g), slide wire to desired length and then release wire gripper (2g) to secure
6. Make proper electrical connections (black to hot "L", white to neutral "N", ground to "GND") with wire nuts (1b) provided in hardware package
7. Push glass (4a) upwards and secure to LED engine (4b) by turning clockwise (See Illustration 1)
8. Align and insert mounting plate screws (1d) through holes on canopy (2a), secure with decorative nuts (2c)
