### Product Description

Great pendant lighting can transform a foyer, dining room or living area with a quick flip of the switch. Our 16" diameter Metro pendant features contemporary lines of clear glass-like tubes made from acrylic arranged into drum-shaped rows. Wrapped with a Dark Chrome band, and finished with Smokey Chrome accents, the Metro pendant takes 6 candelabra based bulbs. A white diffuser creates an even lightspread ideal for illumination above a kitchen island or dining space. Charming and simple, this pendant's design story is being told with texture and beautiful finishes.
