### General

|                           |                  |
|---------------------------|------------------|
| Status                    | Active           |
| Fixture Type              | Exit Sign        |
| Finish                    | Brushed Aluminum |
| Wattage                   | 3W               |
| CCT (Kelvin)              | 5700K            |
| IP Rating                 | IP40             |
| Indoor or Outdoor Fixture | Indoor           |

### Specifications

|                       |                                 |
|-----------------------|---------------------------------|
| Technology            | LED                             |
| CRI                   | 80+                             |
| Voltage               | 120V-347V                       |
| Operating Temperature | +10C (+50F) to +40C (+104F)     |
| Dimmable              | Non-Dimmable                    |
| Lens Material         | Acrylic                         |
| Surge Protection      | Built-in surge protection - 6KV |
| Weight (lb.)          | 6.61                            |
| Material              | Aluminum                        |

### Compliance

|                            |               |
|----------------------------|---------------|
| Safety Listing             | CSAus         |
| Location Rating            | Damp          |
| California Status          | Non-Compliant |
| Title 20 / 24 Status       | Non-Compliant |
| RoHS Compliant             | Yes           |
| Canadian Standard ICES-005 | Class B       |
| SDS Sheet                  | LED_Fixture   |

### Additional Information

|                    |                                                                  |
|--------------------|------------------------------------------------------------------|
| Specification Note | Ni-Cad Battery; 120 minute discharge time; 24 Hour Recharge Time |
| Warranty           | 2-Years                                                          |
