# P2667-31

This universal wifi remote control works on a variety of ceiling fans offered by Progress Lighting. The remote provides a simple solution to control the fan's speed and light. Easy to install and even easier to use, the remote also offers dimming capabilities to customize the lighting in any living space.

- Compatible with several AC motor fans offered by Progress Lighting.
- Compatible with the P2501 and P2599 fans when using the P2666 canopy. Will not work with the P2524 or P2525 Hugger fans.
- Controls a fan's speed and light.
- Easy installation.
- Ideal for any space with a ceiling fan.
- Perfect for customizing the light and airflow in your favorite living space.
- Measures 1-3/4-inch width by 4-3/8-inch height.
- Battery operated.
- Able to be fully dimmable with dimmable bulbs.
- Includes installation instructions and mounting hardware.
- Progress Lighting products are designed for exceptional quality, reliability, and functionality.

Width: 1-3/4"
