

## ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Refer to the additional installation instructions included with the product for wiring and installation.
4. Mount the glass panel (6) in the fixture body (5) mounting frame, and press glass clip (4) the clamp on the up and down sides of the glass panel (6). This will firmly hold the glass in place inside the fixture mounting frame.
5. Install the Sleeve (7) onto the Socket (8).
6. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
7. Restore power to the installation point and retain this sheet for future reference.
