

Project:

Ray 6-Light Rectangle Chandelier

SKU: 2036.73

Juxtaposing formal structure with playful geometry, Ray offers an inventive array of LED luminaires with delicate arms and soft shades that come together to create a modernist statement piece. The chandelier design geometrically spaces light evenly around a room through three, five, or six luminaires. Ray Chandeliers include a stem kit that allows the fixture to be installed at various hanging heights. Ray is available in three body finishes and five interchangeable shade finishes, including a signature Oxide Red finish. Ray is also available as a [wall lamp](#).
